2-Way is proud to announce that we are now an Authorized Firecom Dealer!

When you think of fire apparatus intercoms, do you think of large cumbersome hardware? Ancient military style equipment? and unreliable communications?

THINGS HAVE CHANGED! Firecom's new wireless vehicle intercom system is sleek, modern and most of all reliable.

- Never miss another Mission Critical radio transmission
- Coordinate assignments with your crew en-route
- Give your pump operator seamless mobility around the truck without losing communications.
